Mr. K.T.Satyanarayana Setty, Member, Mysore Legislative Council (Congress) has written the following letter to Mr.Subash Chandra Bose.

Unable, any longer, to bear the strain of keen disappointment felt by me and friends at the resolution of the Congress Working Committee vetoeing the formation of Congress Committees in Indian States, I write to you as a last fruitful resource, soliciting your staunch support to have the resolution modified so that the agitation for full Responsible Government and the grant of full civil liberties may be carried on Indian States in the name of and under the aegis of the National Indian Congress. A strong plea for the modification of the resolution has been made out by the Travancore Provincial Congress Committee. In their latest statement the Travancore Committee say that they view "with greatest dissatisfaction and dismay" the recommendation that the internal struggle of the people of the states will not be undertaken in the name of the Congress. They are constrained to declare the resolution as (1) Self contradictory 2) a departure from the spirit of the congress policy 3) frustration of the high hopes it had held out to the people of the States and 4) a gross betrayal of them in their hour of need. I would urge that the last view is the most apt in the case of the Mysore Committee. It may not be out of place here to remind that staunch patriots of Indian States have on many previous occasions sacrificed their all for the congress as in the case of Guruvayur Temple. It is like playing into the hands of the Government of Mysore who would now pose as the Dictators to the Congress Committee here. I am afraid that some members of the Congress high command have swallowed the sugar coated pill prepared by the Government and administered through ~~friends~~ friends.

Dr. Pattabhi, who has carefully studied the problems of Indian States and specially of Mysore has declared at yesterday's conference ~~the~~ at Navsari that the States cannot be left behind if the whole family of Indians is to advance simultaneously. He does not seem to have been heard fully when the resolution was framed and carried.

Trusting that the cause of the States people may be safely left in your able and sympathetic hands.
